Arqum "Arkham" Khan

Product Manager

Karachi, Pakistan (GMT+5) · Open to hybrid or remote · arkham.workmail@gmail.com · +92 336 3476156 · linkedin.com/in/arkhamkxd · arkhamkhan.vercel.app

PROFESSIONAL SUMMARY

Product manager who writes the spec and then builds the prototype. Took an AI product to acquisition, led a platform a manufacturer went on to resell commercially, and still run a hardware business on the side. Six years of operating experience across product and delivery; three of them remote and asynchronous with distributed teams across the US, UAE, UK and Europe.

WORK EXPERIENCE

Product & Growth Manager, WonderTree
Jan 2026 to Present · Remote, UAE · Ed-tech for children with special needs

- Own product, web and platform end to end, working across the business and engineering teams.
- **Proposed and now leading the shift from a 14-day trial to a freemium model** to improve customer acquisition; approved in principle and currently in design review.
- **Rebuilt the company's web platform**, replacing WordPress with a custom content system across 64 releases, and shipped the **Arabic localisation layer** that opened a second-language channel.
- Consolidated 20 competing pages into 4 and rebuilt site architecture; organic traffic up **152%** at the site's highest recorded click-through rate. Built the company's first combined product, behaviour and search review, surfacing a **69% activation gap** that had gone unmeasured.

Product Manager & Engineer, ShipKaro (formerly RemoteKaro)
Sept 2024 to Jan 2026 · Remote, US · Product studio

- Right hand to the founder, Pakistan's Google Developer Expert for Android: owned products from concept through to store listing, and **built much of them myself**, web and mobile.
- **Shipped and sold multiple applications** across web and mobile, including **MyDiary AI**, an AI audio-journaling product, which was **acquired**, and **Focus5** — both live on Google Play.
- Designed both companies' brand identities and guidelines, and drove the pivot from RemoteKaro to ShipKaro when the remote-work market contracted.

Brand & Community Manager, Passed Recordings
Apr 2023 to Aug 2025 · Remote, Global · International independent record label

- Owned brand identity, website, creative direction, artist relations and the release pipeline for a label with team members across Scandinavia, Europe, the US and UK.
- **27% audience growth and 47% revenue growth in one year.**
- Built **Ambient Soundscapes**, an online community of roughly 1,000 members worldwide.

Product Engineer, Al Rahim Textile Industries
Aug 2023 to Aug 2024 · Karachi · Textile manufacturer supplying Target and Walmart accounts

- Built and deployed an AI-powered customer feedback collection and analysis platform: data pipeline, sentiment and defect analysis, chatbot, and a configurable web application.
- **Technical lead across both project modules, eight people over two teams**, and sole liaison between the university and industry teams through delivery and on-site demos.
- **Dawood University's first industry-collaborated final year project with official certification.** The client subsequently resold the platform to their US trade partner.

Co-Founder, Lappy.pk
Sept 2023 to Present · Karachi

- Co-founded a computer hardware import and wholesale venture. Sourcing, sales and client relationships.

Product Manager (Contract), Hope & Cope Psychological Services Center

May to Aug 2026 · Karachi · Psychological services clinic

- Scoped the project, built the foundation the delivery team worked from, and ran planning, requirements coordination and progress tracking through to launch.
- Site delivered and live; **the client issued a certificate recognising the contribution.**

Media Director (Contract), Kamion Pharma

Sept to Oct 2025 · Karachi

- Creative direction and production of the market-entry campaign for Kamion Pharma's launch in Pakistan, aimed at local investors. Engaged directly by a former client who moved to the company.

Brand & Retail Design (Contract), Tabeeb Medicos

2025 · Karachi

- Designed the complete brand identity, collateral and full interior layout for a pharmacy from scratch, including shelving, counters and spatial design. Now a profitable operating store.

Media Director (Contract), Frutaz / AFABCO

Aug to Sept 2023 · Karachi & Lahore

- Ideated and executed the AFABCO International Conference with delegates from the Pakistan, UAE and South Africa divisions of the Aiman Foods conglomerate. Recognised with a company award.

IT Manager (Internship), Anjuman Mufad-e-Niswan (NGO)

Aug to Oct 2022 · Karachi

- Rebuilt lab and server infrastructure and built a records database for an NGO running technology upskilling programmes for women, and taught the computer literacy classes it supported.

Multimedia Producer (Freelance)

2018 to 2023

- Branding, social media and video for YouTube channels and Instagram brands, including **The Hijab Company** (239K followers) and **TheHijaabDotCom** (17.5K).

LEADERSHIP & VOLUNTEER EXPERIENCE

Co-Founder & Co-Lead, Friends of Figma Karachi

2024 to Present

- Co-founded Karachi's first Figma design community, selected by Figma alongside two other leads and funded by Figma. Run regular events for designers across the city.

Mentor, Google Developer Groups on Campus, UIT University

2024 to 2026 · Karachi

- Mentored the chapter on the model built at DUET: approach industry directly, win funding and sponsorship, and deliver real projects for money. The chapter ran its own paid client engagements.
- Connected the team to speakers and industry partners, and supported members into internships and first roles through referrals.

Founding Lead, Google Developer Student Clubs, DUET

2022 to 2023

- Founded and led one of Pakistan's most active chapters: **600+ members, a team of 30+, and 30 events reaching 3,000 unique attendees in a single tenure.**
- Distributed **500 DataCamp licences (~$150,000 in value)** internationally and enrolled over 500 students in Google Career Certificates; became DataCamp's onboarding contact for new Pakistani chapters.
- Secured **PKR 250,000+** in corporate sponsorship and partnerships with DataCamp, Sastaticket.pk, Remotebase, PAFLA and FutureFest; converted industry relationships into internships for the graduating batch and industry-sponsored final year projects.

Founder, MLSA Online, Microsoft Learn Student Ambassadors

2023

- Co-designed DevCon Pakistan, a two-day virtual developer conference with 20+ international speakers.
